

GREETINGS FROM LOS ANGELES

The 73rd FIAF Congress in Los Angeles is less than a month away, and in this final newsletter we have a few important updates and some key deadlines to highlight.

UPDATED CONGRESS SCHEDULE

An updated schedule for the FIAF Congress has been posted to our website at fiaf2017.oscars.org/schedule. Please check the News section of our site for additional updates. We will have a Daily Schedule printed out for each day of the Congress, which will have final details on sessions, events, and transportation.

ACCOMMODATION UPDATE

Our reserved block of rooms at Mama Shelter is now entirely booked. The Travel Info section of the website has been updated to reflect other hotel options (please see fiaf2017.oscars.org/travel-info). Please note that distances and traffic in Los Angeles can require extra travel time. For information on public transportation in Los Angeles, please visit www.metro.net.

PARAMOUNT STUDIOS TOUR

and Opening Night Reception

Reservations for the special Paramount Studios tour can now also be arranged through e-mail. Please contact Guest_Relations@paramount.com and be sure to request the AMIA tour.

We also want to clarify an error on the last newsletter. The tour dates are Monday, April 24, Wednesday, April 26, Tuesday, May 2, and Thursday, May 4.

All delegates registered for the Congress will receive a separate invite for our Opening Night event: *AMIA Welcomes FIAF and the FLC to an Evening Reception and Screening*. This invite will go out through e-mail in early April and will have a link for ticket reservations.

ACTIVITIES UPDATE

Expect an email invite for some activities taking place during the FIAF Congress, including the Walking Tour, screenings taking place at the [Film Librarians Conference](#), and information about screenings taking place on Sunday, April 30 and Monday, May 1.

FOUNDATION TOUR UPDATE

Photo Courtesy of Nate Christensen

Join the Academy for a reception and tour of the Pickford Center for Motion Picture Study on Saturday, April 29. We'll enjoy refreshments on the patio and explore the Academy's inner workings: highlights include a look at the technological advances spearheaded by the Academy's Science and Technology Council and special objects from the Academy Museum of Motion Pictures. After a short screening of highlights from the Archive's

collection, a special guest near and dear to the Academy will join us for a meet-and-greet.

If you've already registered but forgot to reserve your spot for the Foundation Tour, please send an email to FIAF2017@oscars.org and we'll add you to the list. Otherwise, please RSVP for the tour during registration.

WHAT YOU NEED TO KNOW

April 7

Registration for FIAF Congress closes
