The Basics

Location:

Both the General Assembly and the Symposium will be held at the Linwood Dunn Theatre of the Academy Film Archive on Vine Street in Hollywood. Evening screening may take place at the Dunn or the American Cinematheque's Egyptian Theatre. Both locations are accessible by Metro.

Hotels:

Given the large number of hotels in the immediate Hollywood area, as well as hotels in downtown Los Angeles (with a very easy metro connection to the Academy Film Archive), the Congress will probably forgo an official conference hotel. A list of appropriate hotels in a range of prices will be sent out in a future newsletter.
