Madame RISNER

Dear Lotte,

Hope you are enjoying your stay in Cannes and managing to get in a little rest and sun basking. However, I imagine that it is difficult to find a spare moment.

Do not worry about the two articles for the F.I.A.F. Information Bulletin. If we get them by the 22nd of May, it will be time enough.

However, Jerzy Toeplitz would like you to foresee and suggest a plan for a manifestation B.I.R.H.C. to be held during the Stockholm F.I.A.F. Congress in September (around the 17th) which should be prepared with the aid of the Swedish members of the B.I.R.H.C. and which should comport a conference and projections. The subject can very well be the Scandinavian Cinema or the Swedish cinema.

President Toeplitz would like you to prepare, in connection with other members of the Bureau (the officers of the B.I.R.H.C.) a report on the B.I.R.H.C.: a summary of its activities and projects, with, above all, a plan of practical organization of its secretariat to be presented at the pre-Congress Executive Committee meetings (around the 15th of September in Stockholm).

He also suggests that while you are in Cannes you speak to Mr Cusca about the possibilities of a B.I.R.H.C. manifestation in Spain.

It would be very useful if you could give a brief report on your ideas concerning the Congress B.I.R.H.C. manifestation

(which you can discuss with Mr Lauritsen before hand) and on your interview with Mr Cuenca during the next meeting of the Executive Committee of F.I.A.F. which will be held from Saturday through Monday, May 14th, 17th and 18th in Paris.

Dear letter,

I hope you are enjoying your stay in Cannes and managing to get in a little rest and sun basking. However, I imagine that it is difficult to find a spare moment.

Do not worry about the two articles for the F.I.A.F. Information Bulletin. If we get them by the 25th of May, it will be fine enough.

However, Jerry Fogelin would like you to foresee and suggest a plan for a manifestation B.I.R.H.G. to be held during the Stockholm F.I.A.F. Congress in September (around the 17th) which should be prepared with the aid of the Swedish members of the B.I.R.H.G. and which should comport a conference and projections. The subject can very well be the Scandinavian cinema or the Swedish cinema.

President Fogelin would like you to prepare, in consultation with other members of the Bureau (the officers of the B.I.R.H.G.), a report on the B.I.R.H.G.: a summary of its activities and projects, with, above all, a plan of projection of its organization to be presented at the pre-congress Executive Committee meetings (around the 15th of September in Stockholm).

He also suggests that while you are in Cannes you speak to Mr Cuenca about the possibilities of a B.I.R.H.G. manifestation in Spain.

It would be very useful if you could give a brief report on your ideas concerning the Congress B.I.R.H.G. manifestation
