MESSAGE OF WELCOME

From the Vice-Chancellor of the University
and
Patron of the Congress

It is with sincere pleasure that I welcome the **F.I.A.F.** to Cambridge. I recognise that I have been invited to be Patron of the Congress mainly because I hold the office of Vice-Chancellor at the present time; but although I should be far from claiming to have an intimate knowledge of the film world, I did get at least a few glimpses of it when I served upon the Film Studio Committee in 1948 and upon the Working Party on Film Production Costs in 1949, each time under the admirable chairmanship of Sir George Gater.

It is my hope that the Congress will not only engage in valuable discussion of the many problems which confront the film industry, but that its members will find time, while they are on location, to discover and enjoy some of the special features of the Cambridge scene.

Let me assure them that they are especially welcome in the courts and gardens of Pembroke College.

S.C. ROBERTS
Master of Pembroke College
Vice-Chancellor of the University
