COMUNE DI BOLOGNA

There is no way to learn the craft of a film restorer other than by apprenticeship, as no class at university level would reach this goal. As a matter of fact, since 2007 Cineteca di Bologna – in collaboration with FIAF, ACE and UE MEDIA Plus Programme – has been promoting and hosting the FIAF Film Restoration Summer School, opening its highly specialized state-of-the-art laboratory, L'Immagine Ritrovata, which has been working in the film restoration industry for over 20 years.

The main purpose of this project is having selected participants experience hands-on the work of actual restoration professionals. They will also meet restoration experts from all over the world, as well as the Laboratory and Cineteca di Bologna staff.

Next Film Restoration Summer School / FIAF Summer School will take place in Bologna in Summer 2014.
