Dear Mr. Mannerkorpi,

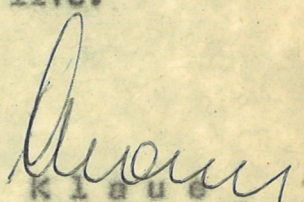

The first Summer School course of the Fédération Internationale des Archives du Film (FIAF) was held by the Staatliches Filmarchiv der DDR from 27th August to 12th September 1973.

You completed the course with success, and we hope you will find the theoretical and practical knowledge that you acquired useful in your work.

You were the first students to attend a course of this nature. It was new ground for the Fédération Internationale des Archives du Film altogether, and you have helped to make the course agreeable and useful for all those who attended. We thank you for taking part and wish you further success in your work at the film archives and in your personal life.
